### SPARTA BERTRANGE CLAIMS VICE CHAMPIONSHIP POSITION AND WINNER OF 'COUPE DE LUXEMBOURG'

After a very competitive and most enjoyable championship, Luxembourg basketball club, Sparta Bertrange ('Sparta') proudly departs as the new vice champion whilst also claiming the title winner of this season's 'Coupe de Luxembourg'.

In the recent final match against T71 Dudelange, the final score reached a very close 74 to 69 to the opposition. This marked the end of the season where Sparta has done extremely well to achieve the vice championship position and also the new winner of the 'Coupe de Luxembourg' which the club last won 13 years ago.

Oostvogels Pfister Feyten has been an official sponsor of the club for the past three years and has always placed great emphasis on dedicating an allocation of the firm's marketing budget towards the club's ongoing development.

A once active basketball player himself and a current fan of the sport, François Pfister, partner of Oostvogels Pfister Feyten commented: "This was certainly a most thrilling ending to the championship with only a few points separating the winning team. Sparta has once again shown they are a determined, highly competitive club and I am sure they will be building on these successes as they prepare for the next championship.

"Through our sponsorship with the club, our aim has been to help support the various teams, and particularly its younger players. Where possible, our firm aims to play a part in supporting the local communities and to help promote Luxembourg's strengths in various areas. Based on our firm's core values of 'team spirit, wellbeing, entrepreneurial culture and commitment to development', this sponsorship agreement with Sparta has been a natural fit for us and we are extremely proud to be involved".

As part of the sponsorship, Oostvogels Pfister Feyten's logo appears on the shirts of the club's team members.

Further details on Sparta including details and photos of the championship can be found at: [www.sparta.lu](http://www.sparta.lu)
